The Australian Ballet  
 Presents

**CINDERELLA**  
 Everyone's favourite  
 fairytale with a twist

"Ratmansky gives greatest weight to the romantic thread at the heart of this coming-of-age narrative, the ball, moonlight and romantic pas de deux superbly expansive and all dreamily intoxicating."

Made especially for The Australian Ballet by **Alexei Ratmansky**, the world's most in demand choreographer, this **Cinderella** has all the elements of the story we know and love – a feisty heroine, a dashing prince, a kindly godmother and a deliciously wicked stepmother – with some **fantastical** additions.

His **Cinderella**, designed by the acclaimed **Jérôme Kaplan**, takes its vision from Prokofiev's dark and surprising 1940's score and whirls with stars and planets, Surrealist-inspired projections and Dior-worthy golden ball gown.

**Ratmansky** is artist in residence at American Ballet Theatre, a recipient of the MacArthur "Genius" grant, and the acknowledged master of the modern story ballet.

**Credits**  
 Choreography: Alexi Ratmansky  
 Music: Sergei Prokofiev  
 Costume and set design: Jérôme Kaplan  
 Original lighting design: Rachel Burke  
 Projection design: Wendall K Harrington

After playing to packed houses and adoring audiences in London, Melbourne, Adelaide and Brisbane, this **witty and romantic** Cinderella returns to Australia for a very **limited time** with a performance that will delight every generation.

"Ratmansky has packed his Cinderella with lovable characters, warm humour and meaty choreography, creating a wonderful modern fairytale."  
 -Sydney Morning Herald
